

“Worked with Laurent in the late ninety’s when he was head of a packaging department, with aprox. eighty employees. He showed an excellent combination of quick comprehension of complex problems and a refreshing simple and no-nonsense approach to solve them. Strong drive towards improvement..and further improvement. Good manager of people, considerate, open, stimulating but taking control when necessary. Pleasant and enthusiast colleague with a lot of humor. Fun to work with!” *October 20, 2010*
